

Magnesium X-Tra

Chelated with Amino Acids

An Enhanced MAGNESIUM Nutrient Solution

Also contains non-plant food ingredients: Fulvic Acid, enzymes, organic complexing agents, natural plant extracts.

Typical Analysis % W/W

Magnesium (Mg) 3.6 Sulfur (S) 4.5

CROPS	RATE L/ha	CRITICAL COMMENTS
Broadacre and Field Crops	2 to 5	Apply as a foliar spray to supplement nutritional requirements of the crop.
Tree and Vine Crops	2 to 5	Alternatively apply to the soil at planting.
Vegetables	2 to 5	

GENERAL INSTRUCTIONS:

- MAGNESIUM X-Tra is designed as a foliar spray for tree, row and field crops, which require supplemental magnesium. It may also be used as a soil applied product.
- MAGNESIUM X-Tra may be used to treat or prevent magnesium deficiencies while providing a highly compatible source of magnesium for tank mixes.
- MAGNESIUM X-Tra contains magnesium in amounts which could be excessive for some crops. For further advice contact GROWTH AGRICULTURE Pty Ltd on FREECALL 1800 440 438.

COMPATIBILITY:

MAGNESIUM X-Tra mixes well with most spray chemicals, but ALWAYS TEST FOR COMPATIBILITY FIRST.

CONTENTS:

Litres

APPLICATION:

When applying by ground sprayers, use with a minimum of 60 L of water per ha. When used in aerial application use at least 20 L of water per ha.

STORAGE AND DISPOSAL:

Store in the closed, original container in a cool, well-ventilated area. DO NOT store for prolonged periods in direct sunlight. DO NOT store material that has been mixed with water — it will not keep. Triple or preferably pressure rinse containers before disposal. Add rinsings to spray tank. DO NOT dispose of undiluted chemicals on site. If recycling, replace cap and return clean containers to recycler or designated collection point. If not recycling, break, crush, or puncture and bury empty containers in a local authority landfill. If not available bury the containers below 500 mm in a disposal pit specifically marked and set up for this purpose clear of waterways, desirable vegetation and tree roots. Empty containers and product should not be burnt.

SAFETY DIRECTIONS:

Wash hands after use. Avoid contact with skin and eyes. DO NOT SWALLOW.

FIRST AID:

If swallowed, do NOT induce vomiting. For advice, contact a Poisons Information Centre (Phone Australia 13 1126) or a doctor at once. If in eyes, hold eyelids apart and flush the eye continuously with running water.

Continue flushing until advised to stop by the Poisons Information Centre or a doctor, or for at least 15 minutes. If skin or hair contact occurs, remove contaminated clothing and flush skin and hair with running water.

SAFETY DATA SHEET:

Additional Information is listed in the Safety Data Sheet.

CONDITIONS OF SALE:

GROWTH AGRICULTURE PTY LTD shall not be liable for any loss, injury or damage whether consequential or otherwise, whatsoever or howsoever arising, whether through negligence or otherwise in connection with the sale, supply, use or application of this product.
